# Government of the District of Columbia Office of Tax and Revenue Real Property Tax Administration

### Real Property Assessment Division First Level Administrative Review Application

The Real Property Tax Administration (RPTA) strives to assess property at 100% of estimated market value. Estimated market value is defined as the most probable price that a buyer would pay a willing seller on the open market. As the property owner, you are given the opportunity to dispute the assessment of your real property through a formal appeal process. The process involves three levels of appeal, beginning with the First Level Administrative Review. Subsequent steps include appealing before the Real Property Tax Appeals Commission and DC Superior Court. You must, however, start at the First Level before proceeding to the next levels of appeal. Please complete the following information in order to file the First Level appeal of your property.
